Step 3: Learn about the Resource Library and access the search page

This page provides an overview of the Resource Library, how to use the database, and how you can submit a resource yourself. To start your search, click the green 'Search the Resource Library' button.

Resource library

Professional resources for dietitians

Our online nutrition resource database includes:

- evidence-based resources (formerly DINER)
- professional interest resources (formerly PIP)

As a member, you have free access to most resources in our library. Some items from a third-party provider need a small payment.

We ask you not to share resources from our library with non-members. They are a valuable part of your membership with us.

Using the database

You can find resources to support your practice on:

- evidence-based professional development
- consumer education
- emerging or topical areas of interest
