

# Why do I have two ID numbers?

Some members may notice they have two different ID numbers in the new member portal

**Gillian TEST Drew**

ID 45514 Member since 18/07/2010 Customer Type Full Member  
Member Category Full Time Status Inactive - Non-Financial  
Membership Expiry 30/12/2020

**DA ID 190763**

**About me** Please contact us at [membership@dietitiansaustralia.org.au](mailto:membership@dietitiansaustralia.org.au) if you need to update your details for our [Find an APD](#) and [Find a locum](#) public profiles. While we are updating our business systems, any changes made to the details below will NOT be automatically updated in our directories. This is a short-term situation which will be rectified over the coming months.

**Participation**

ID: This is the number for the member system introduced in June 2020.

DA ID: Members who joined DA prior to June 2020 will have a different number here. This is their former 'DAA number'.

## Which member number should I use?

If you have two different ID numbers (i.e. you joined before June 2020), it's OK to quote either number when you contact us with a member query. We can find you on our member system using either your old or new DA number.
